ARE YOU A WOMAN LIVING WITH

Participate in a study about the health care needs of women living in Canada. with

What is the goal of the study?

To create new knowledge about women-centred care that will be used to support women living with HIV in Canada to achieve optimal health and well-being.

You are eligible to participate if you:

- Identify as a woman
- Are HIV-positive
- Are 16 years of age or older
- Live in British Columbia, Quebec or Ontario

What is involved in the study?

The study involves answering a 2-2½ hour questionnaire with a trained peer interviewer, plus a follow-up interview 18-months later.

You will receive an honorarium to cover your participation expenses. Confidentiality is assured
