

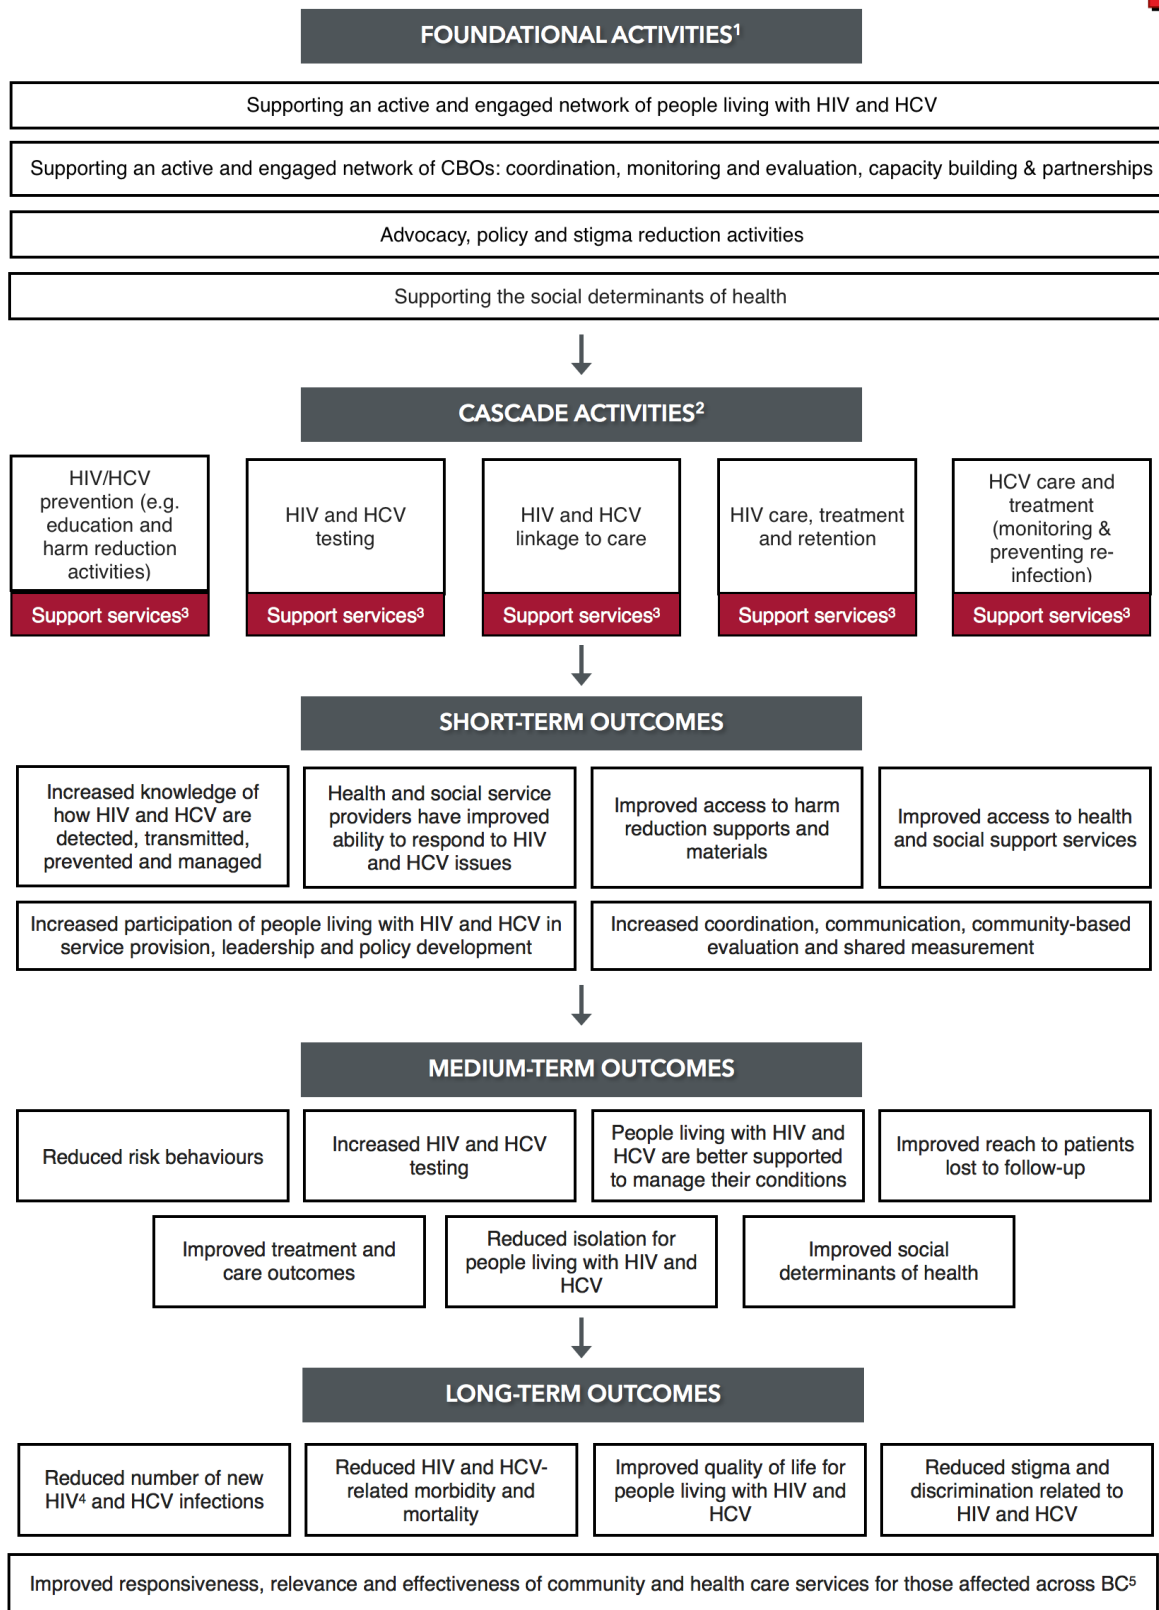

Figure 1. Logic model: Community-Based HIV and Hepatitis C Sectors in BC

1. Important cross-cutting activities that are essential to the success of the cascade of prevention and care in BC.
2. Activities that take place along the cascade of prevention and care for BC.
3. Community-based organizations (CBOs) provide many support services to ensure people are engaged and retained throughout the cascade of prevention and care, such as counselling services and transportation to medical appointments. Note that such support services are also provided by other types of agencies and are essential to people's success along the cascade.
