

# ARE YOU INTERESTED IN WOMEN'S HEALTHY AGING RESEARCH?

BRITISH COLUMBIA  
CARMA-CHIWOS  
COLLABORATION

We are currently recruiting participants who:

Identify as a  
woman (cis &  
transgender  
inclusive)

Are at least  
16 years of  
age or older

Are living in  
British  
Columbia

The BCC3 study is recruiting women to help us compare and learn more about healthy aging of women living with and without HIV and the cellular, clinical, and social factors involved.

## Our study involves two visits:

- A clinical visit at BC Women's Hospital with a survey and sample collection (approx 2 hrs).
- A community survey visit online or on the phone (approx 1.5 hrs).

.....  
The study is confidential and you may withdraw at any time.

Honoraria of \$50 for visit 1 and \$40 for visit 2 will be provided as a thank you for your time.

## For more information and to participate, please contact:

Amber Campbell at 604-868-5075
