LOOKING FOR LOVE

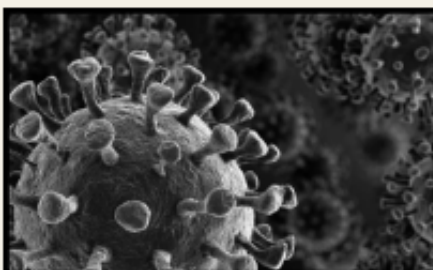

MISSING AUTHORS:

The editor has accidentally lost the names attached to several Looking for Love submissions. Thankfully, many of the authors are regular contributors. Can you match each ad to its most likely writer?

CHLAMYDIA, GONORRHEA, HERPES, HEPATITIS B, HIV, HPV, MPOX, SYPHILIS

THE SILENT TYPE

by _____

CLOSE CONTACT CRASHER

by _____

I'm an international spotty heartthrob, a rare catch that can you make you feel real hot and sweaty. I'm not your average fling- I will stick around in your sheets for weeks. I'm looking for skin to skin and I like to keep it casual and cruisy; dirty laundry. Dislikes: long distance isn't my thing. My fave song on Spotify is Strange Animal.

I am quiet and mysterious but my friends call me popular. I'm quite a people person. I'm mostly an introvert, but when I'm inspired, I show my fiery side. Overall, I'm just passionate about spreading my joy. I'm looking for open relationships and I'm not interested in having any kids. The more partners the better; female preferred but open to all. Trust is everything for me; no testing required.

LONG-TERM COMMITMENT

by _____

I'm looking for the opportunity to meet warm hearted individuals regardless of gender.

I'm still here. I may be toxic, but I'm with you for life.

I can get you when you're down. I have three stages to my connection. The honeymoon can last 2-4 weeks after our first hook up. You're going to feel hot and steamy at first. Then I get a bit shy, but don't forget about me.

I like to do ART to help manage my more challenging qualities. I'm a survivor. I've been around for decades, and I'm still here, stronger than ever. I mutate, I adapt, and no one can get rid of me.

THE ON-AGAIN, OFF-AGAIN TYPE

by _____

Some people call me a stage 5 cling on...The first time you meet me I can come on really strong, and by our second and third hook up I'll simmer down. I can be sensitive...even a little weepy, AND I mate for life. When times are tough I'll be ALL over you. I may get on your nerves, and I'll be watching from within.

I'm open to inviting others into our cluster and Im DEFINITELY a "show-er". I want to get to know ALL parts of you, you'll find me showing up in places I've never been before. FUN FACT - I've gone viral on Tik Tok.

THE MASTER OF DISGUISE

by _____

I'm really popular and currently spiralling. I might look painful at first but I'm not. Chancre? I hardly know her. I like to dress in red polka dots. I used to be more into GBMSM but now I really like to get around. You can get rid of me but (my impact) will always be with you. I'm open to children, and in the end, I'll drive you crazy.

THE SOCIAL BUTTERFLY

by _____

I'm definitely the most popular one here, I would hit anyone under the right circumstances. I'm open to all connections but I'm really into long term relationships, so getting rid of me might be a slow burn. If you treat me right I'll be at your cervix, but I can meet you around back. Some people might say I have multiple personalities and that's why they're trying to cancel me, now more than ever. Ladies, if you're interested in my profile and want to find out more, you can find me online and I'll come right to your door.

Round 3 - Total Points:

Round 4 – “Mystery theme”

1. **Word Scramble:** Re-arrange the letters to answer the question below and write the answer in the space provided. It’s also the name of this round’s trivia theme!

Question: What is called when there is a set of negative, and often unfair, beliefs, biased thinking, and prejudices about an individuals or group of people that show up in ways such as negative attitude or discrimination.

Answer:

GITSAM = _____

2. **Fill-in-the-blank:** Fill in the missing letters for the terms that describe underlying drivers of stigma:

a. Una_a_ene_s

HINT: “I didn’t know, but now I know and want to understand.”

b. I_no_ance

HINT: “I didn’t know, I don’t want to know, and don’t want to understand.”

c. F_a_

HINT: “I am afraid of you.”

d. H_t_

HINT: “I don’t like you, and I definitely don’t accept you.”

e. Sup_ri_ri_y

HINT: “I’m better than you.”

3. **Match it up!** Draw a line from each of the 5 types of stigma on the left to their corresponding definition on the right. The order of the definitions is scrambled.

Internalized Stigma

The general societal atmosphere of attitudes and behaviours that negatively impact individuals or groups of people based on a specific characteristic or condition. It can also be about the policies, laws, and institutional & organizational practices that perpetuate stigma.

Enacted Stigma

When individuals expect to be judged, treated unfairly, or discriminated against because of their condition or identity.

Structural Stigma

Unfair treatment of a person or group based on aspects of their conditions or identity. The unfair treatment can show up as discrimination or a negative attitude. It is often seen or heard in an obvious way.

Anticipated Stigma

Compounded negative attitudes and discrimination experienced by individuals or groups who possess multiple stigmatized identities, circumstances, or conditions.

Intersectional Stigma

When individuals view themselves as the negative stereotypes, generalizations, and beliefs about their own condition or identity, leading to feelings of shame, worthlessness, or self-blame.

4. **Inside or Outside?** Circle your answer to indicate whether the items listed are how enacting stigma is experienced on the inside or shows on the outside of a person.

- a. Biased thinking - The tendency to favor or lean towards certain perspectives, beliefs, or types of people in a way that is often unconscious and not based on objectivity.

INSIDE

or

OUTSIDE

- b. Condescension - Being overly sympathetic or patronizing behavior, where individuals are treated as helpless or inferior rather than as capable and autonomous.

INSIDE or OUTSIDE

- c. Microaggression - Subtle, often unintentional comments or actions that reflect biased-thinking, such as backhanded compliments, assumptions, or insensitive remarks.

INSIDE or OUTSIDE

- d. Prejudice - Preconceived opinion, perception, or stereotype about a person or group that is not based on reason or actual experience.

INSIDE or OUTSIDE

- e. Denial of access - Being outright denied entry or participation in programs or service based on personal characteristics.

INSIDE or OUTSIDE

5. **Closing word scramble** - Re-arrange the scrambled letters provided to answer the following question:

What is the general term for how stigma shows up as outward behaviour in ways like denial of access to services, social exclusion, or barriers being imposed?

TIRMNACISIDION = _____

Round 4 - Total Points:

GRAND TOTAL POINTS

Add up each round's total points (rounds 1 + 2 + 3 + 4) and write your grand total number of points in the box below:
